

## ServeNoMaster 126: You Absolutely, Positively Must Find a Mentor if You Want to Succeed

### Highlights:

[2:09] You pay a coach but not a mentor.

[8:04] When someone explains something to you and you're allowed to ask questions, it helps you learn faster.

[10:45] Mentors don't want to do it forever so you need to find other mentors once you learn enough.

### How to Find a Mentor:

[13:14] Send unsolicited stuff to someone and ask for feedback.

[14:22] Find people good at stuff that you are not good at and do an exchange.

[19:33] When you want to grow online, it is very valuable to have a mentor.

[21:38] Doing it on your own is hard but you don't have to do it alone.

[22:12] Simple Principle: Give value before you ask for value.
