

ServeNoMaster 127: Is Fear of Success The Reason You're Failing?

Highlights:

[1:04] The fear of success is about worrying if success will change you into someone you won't like.

[3:40] The fear can start as little ideas.

[9:17] The fear of success is about you changing.

[11:42] Success doesn't change you. It just magnifies your personality.

[14:22] If fixing a problem is easy, the fact that you haven't fixed it is a critique of you.

[18:50] We're afraid that success would demonstrate we should have been successful earlier. Success now is a critique of our earlier years.

[19:26] It is never too late to achieve success. Success should not be a critique of your past behavior.
